Interactive Tutorial 1: Markdown

Working with Markdown

Press `Ctrl + Shift + M` to open a formatted preview on the right.

Basic Text

Write two sentences about yourself, each in a different paragraph.

My name is Emily, and I am a sophomore chemical engineering student at Cornell University.

I love my dogs.

Headers

Make a 3rd level header with your name:

Emily Spiek

Emphasis

Write 4 of your favorite words using each type of emphasis:

joy, **crescendo,** ***um,*** ~~what~~

Lists

Make an ordered list of 3 things you hope to achieve this semester, and elaborate on them with sub items. Then, make an unordered list of 3 classes that you're taking this semester:

1. I want to get more sleep
   - I will finish my homework earlier
   - I won't drink coffee in the afternoon
2. I want to get a 4.0
   - I will study for prelims
   - I will finish all my work on time
3. I want to be healthier
   - I will exercise regularly
   - I will eat more fruits and vegetables

Links

Write a sentence describing your major, and insert a link to your major's department website:

[Chemical engineering](#) combines chemistry with engineering to create large-scale chemical processes.

Images

Insert the Cornell seal image with:

1. A relative file path(`/Images/Cornell_University_seal.png`)

2. A URL
   (https://raw.githubusercontent.com/AguaClara/aguaclara_tutorial/master/Images/Cornell_University_seal.svg.png)

Code Formatting

Put the name of this file in an in-line (single backtick) code format.

```

```

Put the following text in a Python-formatted code block:

```python
def foo():
    print("Particles of a feather...")
    print("...floc together!")
```

```
def foo():
    print("Particles of a feather...")
    print("...floc together!")
```

Tables

Create a table listing your 3 favorite animals, books, and places on campus. Use a different alignment for each column.

Animals	Foods	Books	Places at Cornell
1. Dogs	1. Potatoes	1. Harry Potter	1. Suspension Bridge
2. Deer	2. Blackberries	2. The Book Thief	2. Entrance to West Campus
3. Otters	3. Raspberries	3. The Giver	3. Garden behind Cornell Store

Blockquotes

Write your favorite quote. It must be attributed to Albert Einstein.

I have loved the stars too fondly to be fearful of the night -Albert Einstein

Horizontal Rules

Add a horizontal rule:

LaTeX Formatting

Copy the equation towards the end of the Markdown tutorial and paste it here:

$$ a^2 + b^2 = c^2 $$
